

SH_InOutState::setInput

```
graph LR; A[SH_InOutState::setInput] --> B[SH_InOutState::input]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box has a light gray fill and a black border, containing the text 'SH_InOutState::setInput'. The right box has a white fill and a black border, containing the text 'SH_InOutState::input'. A dark blue arrow points from the right side of the left box to the left side of the right box.
